IL FANALE®

DAL 1979

LA STORIA DE IL FANALE RISALE AL 1979, QUANDO FAUSTO DALLA TORRE E SUA MOGLIE LUISA MARTIN, DECIDONO DI INTRAPRENDERE UNO STRAORDINARIO PERCORSO FATTO DI PASSIONE E DURO LAVORO. PARTENDO DALLA LORO DECENNALE ESPERIENZA NELLA LAVORAZIONE DEI METALLI TRADIZIONALI, FONDANO L'AZIENDA CON L'INTENZIONE E LA VOLONTÀ DI PRODURRE LAMPADE ORIGINALI E UNICHE DI ALTISSIMA QUALITÀ.

DEDIZIONE, DETERMINAZIONE E IMPEGNO SONO LE QUALITÀ CHE RENDONO IL FANALE QUELLO CHE È OGGI: UN'AZIENDA ARTIGIANA DI SUCCESSO NEL SETTORE DELL'ILLUMINAZIONE, CONOSCIUTA IN ITALIA E ALL'ESTERO.

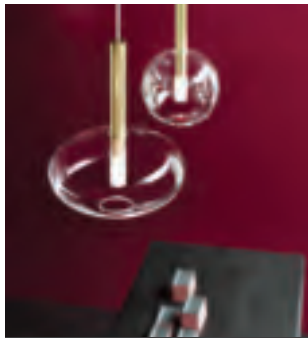

THE STORY OF IL FANALE DATES BACK TO 1979 WHEN FAUSTO DALLA TORRE AND HIS WIFE LUISA MARTIN, DECIDED TO EMBARK ON AN EXTRAORDINARY JOURNEY OF PASSION AND HARD WORK. STARTING FROM THEIR DECENNIAL EXPERIENCE IN WORKING WITH TRADITIONAL METALS, THEY FOUND THE COMPANY WITH THE INTENTION AND THE WILL TO PRODUCE UNIQUE AND ORIGINAL LAMPS OF THE HIGHEST QUALITY.

DEDICATION, DETERMINATION AND COMMITMENT ARE THE QUALITIES THAT MAKE IL FANALE WHAT IT IS TODAY: A SUCCESSFUL HANDICRAFT COMPANY WORKING IN THE LIGHTING INDUSTRY, KNOWN IN ITALY AND ABROAD.

Siete produttori?

L'intera produzione delle nostre lampade è interna all'azienda ed è realizzata artigianalmente.

Per i vetri di Murano e le ceramiche di Bassano, ci affidiamo a produttori specializzati esterni.

Producez anche lampade su Misura?

Sì, realizziamo lampade che non fanno parte del nostro catalogo ma che sono create per soddisfare particolari esigenze e/o per progetti e realizzazioni di determinati spazi.

Che materiali utilizzate per i vostri prodotti?

I materiali utilizzati per la realizzazione delle nostre lampade sono: ferro, ottone, rame vetro e ceramica.

Quali sono le vostre finiture?

Le finiture che utilizziamo sono: ottone anticato, ferro anticato, rame anticato, foglia oro, foglia argento e foglia rame.

E' possibile su richiesta scegliere una finitura diversa da quella presente sul catalogo.

Posso avere il cavo di una sospensione di un colore diverso?

Sì, i cavi sono disponibili in bianco e in marrone.

Le vostre lampade subiscono alterazioni nel tempo?

Sì, questi cambiamenti rappresentano una peculiarità dei nostri prodotti che subiscono un processo di ossidazione accelerata che continua poi naturalmente fino a raggiungere la sua completa maturazione. Il prodotto così subisce cambiamenti dovuti anche a fattori temporali e all'esposizione agli agenti atmosferici. Su richiesta, il processo di ossidazione può essere bloccato attraverso una specifica lavorazione.

Come si puliscono le vostre lampade?

Le nostre lampade possono essere spolverate, ma non lavate. Applicando infatti qualsiasi prodotto per la pulizia potreste rovinare la patina che le caratterizza.

Le vostre lampade sono complete di lampadine?

What materials do you use for your lamps?

The materials we use for our lamps range from iron to brass, copper, glass, and ceramic.

What finishes do you offer?

Our range of finishes includes: antiqued brass, antiqued iron, antiqued copper, gold leaf, silver leaf and copper leaf. Upon request, we provide different finishes from those listed in the catalogue.

Is it possible to have a different colored suspension cord?

Yes, cords are available in both brown and white.

Do your lamps change over time?

Yes, changes in our products represent a unique feature of our lamps that undergo an accelerated oxidation process that continues naturally until it has reached its complete maturation. Our lamps can also be affected by time and weather conditions. Upon request, the oxidation process can be stopped through a special treatment with a transparent varnish.

What is the best way to clean your lamps?

Our lamps can be dusted, but not washed. Applying any type of cleaning product can, in fact, ruin the characteristic patina.
